Com. D. K. Chittoria  
Dear Comrade,

"True friends are being identified during difficult times" and "bad days pass away soon when faced with courage, patience and firm will, in combination with sparkling wisdom".

I have a pride and pleasure beyond expression that your dedication (inborn quality of Delhi DO-II comrades) has exhibited the literal sense of true comradeship.

It is not only your hard work & dedication but the devotion too, towards the federation with spirit and soul, which made the historical event of **Golden Jubilee Celebrations a Grand Success.**

Messages of appreciations from all over the Nation are being received.

I have no word to express the gratitude for the commitment you rendered with complete sense of responsibility. The federation of Delhi DO-II will not only remember you but also your name will be glittered in the organisation forever.

Three cheers for the day!

Comradely yours

  
**RAJESH KUMAR GUPTA**
